

A phase diagram showing the relationship between two parameters. The vertical axis is labeled $\frac{\tilde{T}}{T_0/4}$ and the horizontal axis is labeled $\frac{\tilde{\Delta}}{\Delta_0/4}$. The diagram is divided into two regions: a large green region labeled 'T-SRO' and a small orange region labeled 'QLRO' located at the bottom-left corner. The boundary between the two regions is a curve that starts at the origin and extends towards the right.

T-SRO

QLRO

$$\frac{\tilde{\Delta}}{\Delta_0/4}$$

$$\frac{\tilde{T}}{T_0/4}$$
